"Thanks Dad!"

What is Mobile Banking?

Mobile Banking is the ultimate on-demand service. Now you can access your account information from any mobile phone with text messaging, mobile web access or through a downloadable App.

Imagine the convenience of viewing your account balances from your mobile device. Or viewing recent transactions. How about transferring funds between accounts, anytime, anywhere?

It also delivers the information you need, when you need it. Such as account alerts that send important text messages to your phone.

You can even pay your bills from anywhere with our new mobile bill pay service, available to our online bill pay subscribers.

Safe and Secure

Mobile Banking delivers the highest level of security, thanks to multiple layers of authentication. A personal password and phone activation code helps to ensure your information is fully protected.

Enroll now

Mobile Banking is available to anyone currently enrolled in our Internet Banking service. Message and Data rates may apply. To enroll, log on to Internet Banking, select Services, then Mobile Banking, click on the Enroll button, read and accept the Terms and Conditions, and complete the enrollment form. A text message will be sent to your mobile device with instructions for logging on. It's that easy!

Mobile Banking is fast, simple, and the ultimate in convenience.

ACCOUNT ALERTS

Any phone that receives text messages can receive alerts about your account activity.

Imagine getting a text message if your account falls below \$100. Or receive an alert so you'll know as soon as a deposit has been made, or a check has cleared. Mobile Banking delivers the information you need, when you need it.

Available for all mobile devices that can send and receive text messages.

MOBILE BILL PAY

Now you can pay your bills from anywhere your phone goes. Just select your payee from the list, enter the amount, payment date and confirm. That's it! You've securely paid your bills right from the palm of your hand. You can also view and modify pending payments. Mobile bill pay is available to all our online bill pay subscribers.

Mobile web access is required. Bill pay is not available with our Text Banking option.

Powerful Features. Delivered.

Text Banking

You don't need Internet access on your phone to take advantage of Mobile Banking. With text-enabled mobile phones you can:

- View real-time account balances
- View recent transaction history
- Receive text Account Alerts

Message and Data rates may apply.

Mobile Web Banking

It gets even better if you have a phone with Internet access:

- View real-time account balances
- View transaction history
- Transfer funds between accounts
- Pay bills from your mobile phone
- Locate a nearby ATM
- Receive text Account Alerts

Message and Data rates may apply.

Smart Phone App

Have a smart phone? There's a Mobile Banking App for that, too.

When you sign up for Mobile Banking, a link is provided to download & install the App on your compatible smart phone.

With the App installed, you can do everything that mobile web banking will do – with the familiar ease and functionality of your smart phone.

Message and Data rates may apply.
